

PRECISION **PVC FABRICATION**

30 Years' Experience in PVC Pipe Welding, Slotting, Drilling, Sweep Bends and Custom Fabrication.

Fabricated In-House | Australia Wide Supply

www.centralpipefab.com.au

BUILT ON EXPERIENCE. DRIVEN BY **PRECISION.**

Over 30 years specialising in PVC pipe welding, slotting, drilling, sweep bends, and custom fabrication.

Fabricated in-house, CPF supplies custom PVC pipe and conduit products for electrical, communications, plumbing, drainage, stormwater, civil, mining, gas and industrial projects across Australia.

The team at CPF is committed to consistently delivering premium-quality products and outstanding customer service.

CPF is a proudly family-owned Australian business with over 30 years of industry experience.

WHY INDUSTRY PROFESSIONALS CHOOSE CPF

Established in 1996

In-House Fabrication

Custom Built to
Specification

Fast Turnaround

Nationwide Supply

Solutions for
Complex Installations

PRODUCT RANGE SNAPSHOT

Australian made fittings and bends built to spec, with fast turnaround.

Fabricated in-house, CPF supplies custom PVC fittings and bends for plumbing, drainage, stormwater, civil, electrical, gas and industrial projects across Australia.

DWV & STORMWATER

- Lobster back, plain and sweep bends
- Junctions – standard or custom configurations
- Inspection tees and double junctions
- Boss junction saddles
- Caps and couplings
- Slab repair and slip socket couplings
- Downpipe adaptors and kerb adaptors
- Flanges, vent cowls, boundary traps and flap valves
- Reducers, level invert tapers and reducing bushes
- Sanded spigots and manhole accessories
- Pipe slotting and drilling

PRESSURE, GAS & HDPE

- Custom Solutions for Gas, Pressure and Poly Applications

HD ELECTRICAL & COMMUNICATION

- Electrical and Communications sweep bends
- Custom sweep bends made to order
- Slip couplings
- Bell mouths
- Reducers
- Pit bushes
- Adaptors
- Standard and custom configurations

CORE CAPABILITIES

- PVC Sheet / Pipe bending, welding and fabrication
- PVC pipe slotting and drilling
- PVC HDE pipe bending, vesi and custom sweep bends.
- PVC pipe fabrication (custom and standard fittings)
- 3D laser scanning for design accuracy
- CAD-engineered drawings and modelling
- Rapid production lead times
- Prototyping and bespoke fabrication

SUPPORTING **PROJECTS** ACROSS **AUSTRALIA.**

Custom PVC Pipe and Conduit Products Fabricated to Specification.
Engineered for quality, fit and long-term durability.
